

VISITING & SCHEDULE MANAGER

This helpful tool forms part of our Supply Chain Management module allowing you to effortlessly organise and manage your supplier audit and meeting dates as well as schedule upcoming meetings.

FEATURES INCLUDE:

- ✓ Create new supplier visits for audits, supplier checks or general visits and share the details and proposed dates with your suppliers through the Foods Connected platform easily monitoring responses and acceptance.
 - ✓ View all supplier visits with their details and colour-coded response statuses.
 - ✓ View recommended audit event dates based on an audit frequency set by you as well as being able to view which suppliers have never been audited, allowing you to keep up-to-date with audits more effectively.
 - ✓ View supplier visits on our Foods Connected app with details of when they need to be completed so auditors can keep track of and manage their schedule more easily.
- Our Supply Chain Management module with each of its tools interconnects and integrates seamlessly with our Quality Management and Trading and Planning modules and are available on the Foods Connected single pane of glass platform.
