

# SUPPLIER QUESTIONNAIRE MANAGER

This helpful tool forms part of our Supply Chain Management module and allows you to create and send questionnaires to suppliers and analyse their responses.

## FEATURES INCLUDE:

- ✓ Create supplier questionnaires with numerous different field types using our form builder.
- ✓ Full transparency and accountability of changes made to the questionnaire.
- ✓ Send to multiple suppliers at the same time and request more information on their responses through the system.
- ✓ Set review periods for sending automatic notifications to suppliers to update their questionnaire response ensuring that all the questionnaire information is kept up-to-date.
- ✓ View a summary of sent questionnaires and their responses. Colour-coded statuses highlight whether a questionnaire is awaiting response, requires your action or is completed.
- ✓ Create comparison and snapshot reports on supplier questionnaires to analyse their responses with charts and tables that can be exported to PDF or Excel.
- ✓ Create widgets from your reports which can be easily added to the platforms customisable dashboard for a quick view of questionnaire responses. You can also share your dashboards with other company users.

Our Supply Chain Management module with each of its tools interconnects and integrates seamlessly with our Quality Management and Trading and Planning modules and are available on the Foods Connected single pane of glass platform.
